COLORS

ENGINEERED TO INSPIRE

Hanex Solid Surfaces are created to inspire and positively affect the places people work, live, play and shop. That's what designers do, and we want to help. Let Hanex unleash your imagination. Down to the tiniest detail, they've been engineered to do just that — inspire.

How? It's simple. Hanex Solid Surfaces are durable and versatile with limitless design possibilities. Nonporous and stain-resistant. Explore our full portfolio, including our 35 new colors, and contact us. We'd love to hear from you, and who knows, maybe we'll inspire you, too.

Hanex Solid Surfaces is committed to delivering products made to perfection. For more information, please refer to the resources section at www.hanexsolidsurfaces.com

STRATUM

This set of premium solid surfaces is inspired by the wispy movement and strata patterns within rocks and stones. The collection's timeless colors and styles offer incredible vibrancy, beauty and versatility—each can be effortlessly shaped into almost any form or structure by molding, machining or other appropriate processing.

This means they're undeniably ideal for countertops, shower walls and commercial interiors. Beyond that, Stratum can be used for interior accessories like clocks, frames, or chairs, and many, many others.

BELLASSIMO

EPISODE II

The colors within our Bellissimo Ep II Collection fuse versatility with beauty. Each of the colors are engineered to help you create an environment that impacts everyday lives.

The designs themselves are inspired by the flow of nature: ocean waves, winds rustling trees, shifting sands and craggy stone, making them a perfect fit for a range of stylistic choices, from modernism to something timeless.
